

New Month, New Chapter.

We are sad to say that we will no longer be a 24-hour hospital starting on Monday, October 4, 2021. This change is permanent until further notice.

1. Our hospital will be CLOSED overnight
2. We are still open Monday to Sunday, 7 DAYS PER WEEK
from 8:00 am – 8:00 pm

Thank you for your kind words as we continue to face staff shortages and increased demand for our services. With these new hours, we hope to lessen the physical and mental strain on our teammates, while maintaining the best quality of care for your cherished pets.

If you require immediate care for your pet, please contact:
